

Cup Elevator

TEK 1600

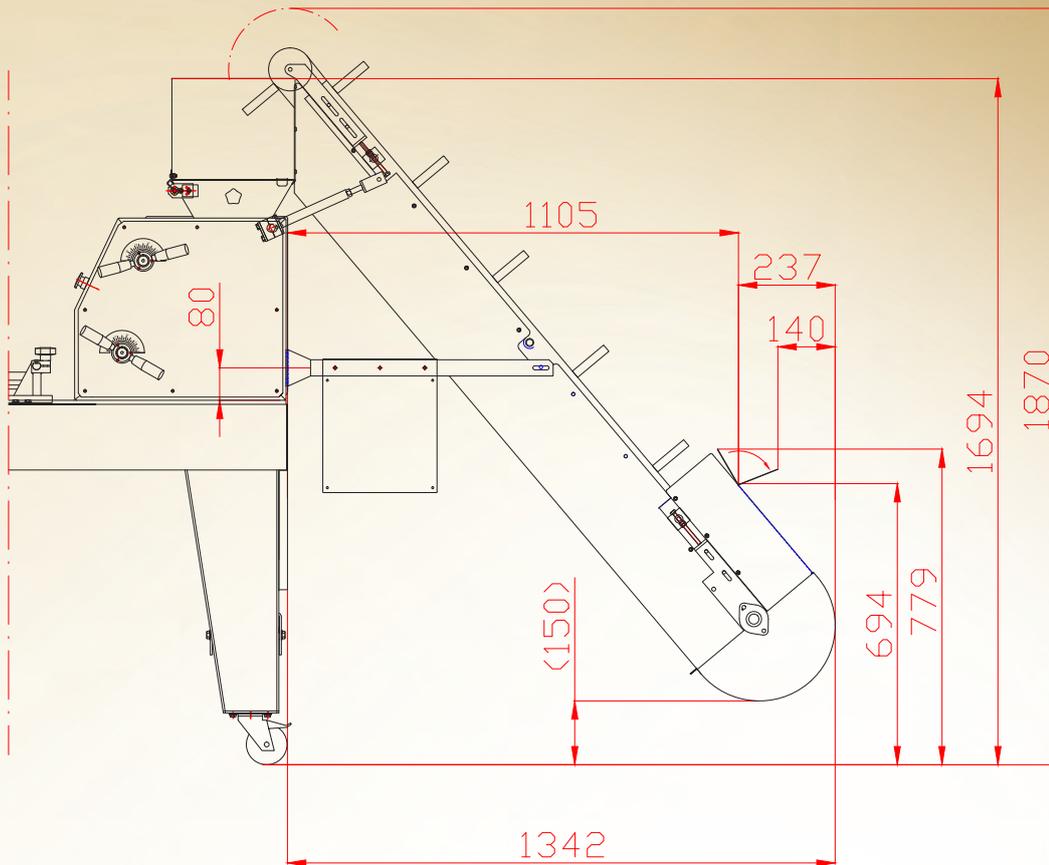

The **TEK 1600 cup elevator** is for transferring dough directly from a rounder into the OBLIK 1 moulder. The elevator is designed for lifting dough substances from a lower level up to the in-feed hopper on a long moulder.

ADVANTAGES

- Capacity up to 2000 pieces/hour
- Photocell controlled
- Covers made from stainless steel
- The conveyor works step by step or continually
- Removable cups for easy cleaning
